

Wildlife Conservation Park

Woodsetts Road, North Anston, Sheffield S25 4EQ

COACH PARKING

DRIVER INSTRUCTION

On arrival at the park, the coach parking is immediately to your right as you enter the top of the drive with a 5MPH speed limit in place.

If a Marshall is present at the time of arrival, you **MUST** follow their instructions which are in guidance with our Health & Safety Procedures.

All coaches are to drive in **FORWARDS** into allocated spaces, allowing the children to safely exit the coach onto the tarmac path to avoid walking through the high-risk area of oncoming vehicles and coach blind spots.

Under no circumstances are coaches to drive down the drive, past the grass car parking area, maneuver within or leave the coach parking area unless it is to leave the park completely.

These instructions are for the safety of all visitors including coach arrivals therefore any driver found to disregard these instructions will be reported for breaching our Health & Safety procedures.

24hr CCTV is in place within this area.

To speak with the Duty Manager or to request the presence of a Marshall/Banksman please call 07538554905.

Please see Arrival & Departure diagrams attached for a guide on how we expect coaches to position and routes in which they are to take when entering and exiting the park.

REVERSE OUT OF COACH PARKING BAYS

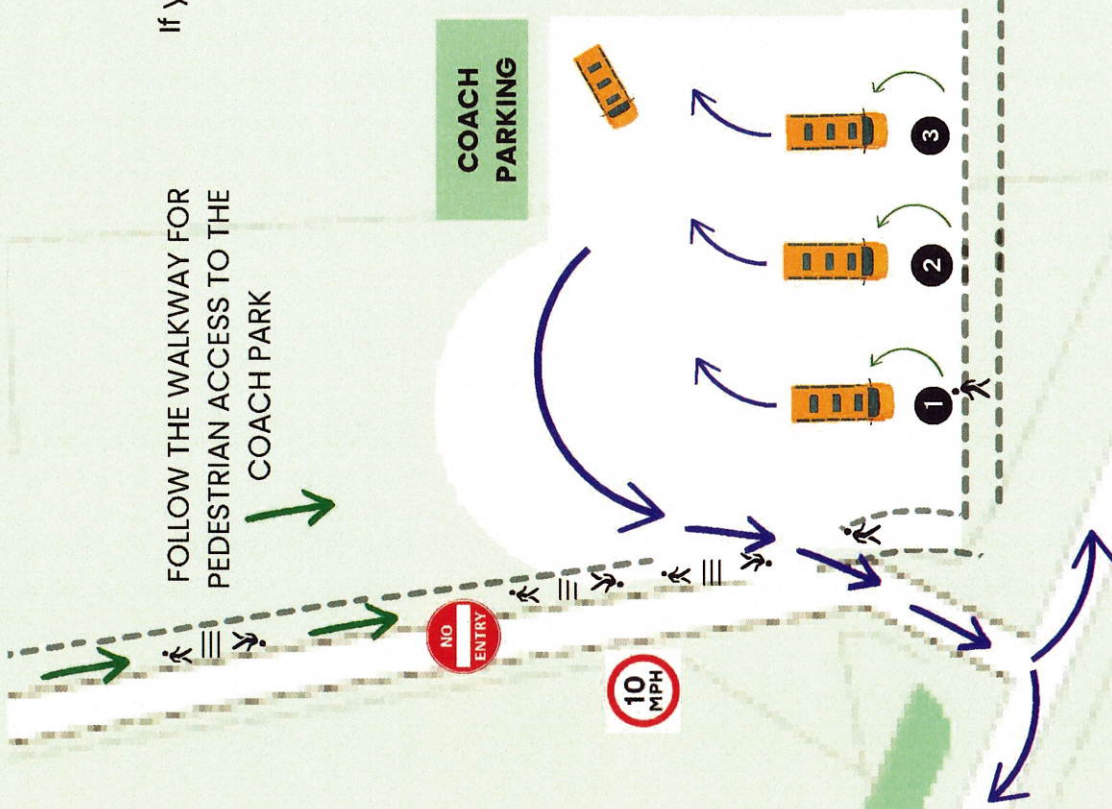

Departing coaches

Thank you for driving
carefully.
See you again soon!

FOLLOW THE WALKWAY FOR
PEDESTRIAN ACCESS TO THE
COACH PARK
